

FOR IMMEDIATE RELEASE

Guyatone introduces new “*mighty micro*” series of professional-quality effects

Godlyke, Inc. is pleased to announce the release of the second batch of **Guyatone *mighty micro* series** compact effect pedals. Based on **Guyatone’s** award-winning **Micro Series** effects, the *mighty micros* offer professional-grade features and exceptional sound quality in an ultra-compact, lightweight chassis that is 33% smaller and 50% lighter than the average stompbox.

The **Guyatone *mighty micros*** offer many improvements and additional features that **Guyatone** users have demanded, all packed into a rugged enclosure that retains the same-sized footprint as the original **Micro Series** effects. New features include:

- Lightweight, ultra-durable cast-aluminum chassis
- Top-mounted, no-tools battery compartment with “Smart Screw” and battery “Load Scope”
- Mechanical True Bypass Switching
- Ultra-Bright status LED is easily visible on dark stages
- Professional-grade component selection offers improved sound quality
- Cast Aluminum “Stomp Guard” protects Controls from damage or accidental adjustment
- Adjustable Input Attenuators allow use with any instrument or input signal
- Glow-In-The-Dark Washer for Bypass Switch offers improved visibility on dark stages
- Additional Controls with improved Functionality provide greater tonal options
- Top-mounted jacks save space on crowded pedalboards
- 3-Year Warranty

The second round of *mighty micro* models will be available in summer, 2009 and features the following models:

MCm5 Micro Chorus – Analog Chorus with Panasonic MN3207 IC and true bypass switching. **List Price - \$190.00 MAP - \$161.50**
